1. The Let Aircraft Plant, at Otrokovice, is located near the Otrokovice Airfield, 25X1 southeast of the administrative building of the field and south of the road connecting the airfield with the railroad station; it is north of the Otrokovice - Breclav railroad line.
2. The plant consists of the following three two-story buildings:
 - a. A large building of reinforced concrete near the road; size, 15 by 50 meters.
 - b. One smaller building 15 by 30 meters in size, located south of the large building.
 - c. One building 10 by 20 meters in size, located west of the large building.
3. In 1950, a new workshop for the production of aircraft parts was built about 2,000 meters east of Otrokovice, north of the railroad and the main road to Gottwaldov, near the Spaleny Mlyn. This building is about 15 by 80 by 230 meters in size.
4. Aircraft parts are produced under Army supervision both in the Let plant and the new workshop.
